UNUSUAL LIVING ROOMS

From the perfect combination of linear design and a dreamlike decoration come five unusual living rooms, which will illuminate any space with boundless imagination.

The angular lines and strictly sober design of the new creations combine with the imaginative fantasy of the five different decorations to form the Fornasetti notion of living spaces. Linearity and method are inextricably linked with a vital, inexhaustible creativity.

The creative insight behind the new collection is hidden in the pages of two small handwritten booklets, recently discovered in the Fornasetti archive. It is a collection of unpublished drawings by Piero Fornasetti.

The new collection celebrates that line and that style, typical of drawing, which is the unmistakable element at the origin of the Fornasetti oeuvre. The decorations chosen are diverse in inspiration - architectural, natural and purely graphic - but all pay homage to that black line that comes from drawing and engraving.

FORNASETTI

Founded in Milan during the 1950s by designer Piero Fornasetti, the Fornasetti brand is today an internationally recognized name in the furniture sector, specializing in the creation of hand-decorated furniture and home accessories. All creations are characterized by an imaginative, ironic, and sophisticated visual language, in a balance of art and design. From porcelain to furniture to accessories, everything is handmade in the Milan studio. The decorations and the manual production techniques make each object unique.
