zigmund pront

The Chill Chair is designed by Zigmund Pront,
the alter ego of the Brussels design duo
Annelies Veys and Britt Pevernagie.

The Chill Chair reflects the tension between nature
and nurture. The steel of the Chill Chair recalls the
strong character of the wild and the uncut.

The two elements of the chair keep each other
in balance. The way these elements are folded,
determines their internal force. The chair slowly
bends in an organic way along with the body it
carries, or merely by the blowing of the wind.

*These chairs chill and cradle.
They wobble and waggle. They rock.*

premium quality stainless steel 316 4mm

dimensions 150 x 45 x 95

weight 2 x 25 kg

use indoor / outdoor with care

made in Belgium by zigmund pront
