

# DETAILS ARE EVERYTHING. FORESTS TOO.

# SUSTAINABILITY DOES MAKE THE DIFFERENCE.

From chairs to tables to furnishing accessories, our everyday life is surrounded by wooden products. The sustainable origin of this raw material is not just a detail.

FSC® logo identifies wood products from forests managed in a correct and responsible way, protecting natural environment, animals and people who call them 'Home'.

When making a new purchase, ask for FSC®-certified products: you'll be sure to contribute to the protection of the world's forests for all, forever.
